## Collective Worship

Our theme of awe and wonder has continued with a look at how fantastic the human brain is. We explored the many different ways that it can work, helping us to perform a multitude of tasks. We linked this to our final extended learning competition of the year which was launched this week.

## Extended Learning Competition

Our final competition for this year is all about finding out how learning at school helps you to do a job well in later life. We launched the competition in assembly this week and information has been emailed to all parents. Prizes for each year group are available and children will earn 10 house points for their entry (and can gain a further 10 house points for an entry by their parent!).

## PE Kits

Please ensure your child has their full PE kit in school every day – we still have a number of children who ask to borrow items every day. It also helps everyone enormously if all your child's belongings are clearly named so that lost property can be returned to the rightful owner.

## Cycle Safety

A reminder that all cyclists should dismount at the campus entrance and push bikes up the pathway please. We have had reports of children and parents cycling up the wrong side of the one-way system – please can we ask that you refrain from doing so. Thank you for your support.

## Goodbye and Good Luck!

This week we have said a fond farewell to Mrs Rainbow and Mrs Parsons from the front office who are moving on to pastures new. We wish them well in their new posts at Halton School.
