Values

On Monday we thought about things we take things for granted - particularly those which require computers and programming to make them work properly. So much of our modern life relies on coding that most of us do not see or understand. Nevertheless, we have faith in it working, day in, day out. Throughout this week we have considered how having faith in God, and hope in the future, helps US to work properly.

Parking

As a campus, we work hard to reduce the risk of road traffic injury to our children and young people and facilitate a safe journey to and from school. We know that the vast majority of parents support us, but sadly there is a small minority who exercise poor judgement. Two such cases were reported to us this week, involving inconsiderate and dangerous parking on the junction opposite the campus road. The details of the following vehicles, which were parked illegally on the pavement, have been passed to Thames Valley Police: black Mercedes T22 ELY and grey/brown Citroen BJ10 KWA. Please help us to keep your children safe by parking away from the campus.

In July this year, Rachel Long and a group of young adults aged 15/16 years from Waddesdon School will be travelling to Mozambique, Swaziland and South Africa to help out in a primary school and also to undertake a conservation project with marine life on the coast. They each need to raise the sum of £4,370 to take part in this trip and it is for this reason that we are running this quiz and carrying out other fundraising activities.

There will be a short talk by Rachel during the course of the evening about her trip.
