Collective Worship

This week has seen us focussing on climate injustice. We learned that the actions of a few can have very serious effects on many. Lots of people throughout the world are experiencing very real problems because of global warming, something that they did not contribute to.

Children have been challenged to think about changes they could make within their lifetime that might reduce the effects felt by others living in different parts of the world.

Year Group Highlights

Year 3 rehearsals are coming together this week - The stage is helping us to perform!

We are using a different text each week for Guided reading - the children are really enjoying learning techniques to answer questions about the texts.

Year 4 pupils have been working hard researching a famous scientist and writing a detailed biography.

Additionally, the year 4 children selected for the multi skills event thoroughly enjoyed the event and were commended for their behaviour and enthusiastic participation.

Year 5 enjoyed the play, 'Jack and the Catalysts', performed by the students from Tring Park Academy. They learnt an awful lot more about science, and were still singing the song when they returned to class!

Year 6 children have absolutely loved their graffiti workshop today. They listened attentively to the techniques graffiti artists use and applied these brilliantly to create fantastic, eye-catching art work. It was great to see all the children enthused and focused. In addition to this, collaboratively, the children have spray painted a mural on the school field with the school's logo, 4Rs and 3Cs.

Campus Safety

Please be reminded that driving on campus is prohibited unless you have requested a campus permit from the school office.

If the barrier is up during school drop off/school pick up times please respect the campus rules and do not drive up.

If you do have permission to drive up and park please be mindful and switch off your car engine whilst waiting.

Did you know?

One minute of a car engine idling produces enough emissions to fill 150 balloons!

Switching off your car engine when parked is a simple way we can help the air we breath.

Children are especially vulnerable to the effects of air pollution.

Please do not leave your car engine idling – let's help keep our school children healthy.

Advent & Christmas 2023 What's on Guide for Families

Hi All,

It has been such a privilege and a joy to get to know so many of you and your little ones either through our Sparklers Group or through a Baptism.

I thought I would update you on a few things that are happening at St Mary's in the run up to Christmas which I am sure will be of interest to you and your family.

I look forward to welcoming you to one of these events (or all of them!) soon.
With best wishes, Nadine
