

# Wendover CE Junior School Bank

Dear Pupil

Maybe you want to buy a new computer game, a book, or just have some spending money for when you next visit your favourite shop? It always helps to have some money saved up, and Wendover CE Junior School is working with Harpenden Building Society to help you learn more about:

- Saving
- Running your own account
- Paying money in and taking money out
- Checking how much you have

You only need £1 to start, and we will send you a passbook which shows exactly how much you have. Twice a year we add interest – that's extra money as a reward for saving which goes into your account.

The School Bank is open between 12.10-12.40pm each Thursday; or please visit your local Harpenden Building Society branch. Full details of our Young Savers Club Account can be found at [www.harpendenbs.co.uk/savings-young-savers.asp](http://www.harpendenbs.co.uk/savings-young-savers.asp)

# Wendover CE Junior School Bank

## Information for parents about the School Bank

Harpenden Building Society is your local building society, and we support the School Bank initiative to give something back to the community.

We believe that teaching children the value of managing their money is a valuable skill, because it helps them to develop personal responsibility.

The School Bank is open to all pupils who wish to begin a savings account and develop the routine of regularly saving and tracking their money.

We welcome questions or suggestions; please contact us at
