Values

How we show respect for ourselves and each other in school has been the theme for this week. Children have been challenged to make an extra special effort in the way that they listen to each other and how they present their written work.

Online Safety

In a constantly changing landscape, it is very difficult for parents and teachers to maintain an up-to-date knowledge of the different applications and sites used by young people. We work hard at Wendover Juniors to ensure that our children understand how to use the internet safely; our Year 5 are learning about e-safety in their computing lessons and Year 6 will be finding lots out about this on their visit to Hazard Alley which is coming soon. Additionally, Wendover Library is running an e-safety session on 11 November designed to support parents (see attached flyer).

Year 5 Space Day

Following Tuesday's technical glitch, we are delighted that Science Dome will be returning to Year 5 on Tuesday 17 October to complete our Space Day workshops - the dome is fully operational once more!
