Collective Worship

Our theme of awe and wonder continued this week with us thinking about the spectacular sights Mother Nature provides. We looked at the awesome power of volcanoes - Mount Fuego in particular - and at the devastation they can cause. We thought about the help that communities need at times of crisis and of all the things that we should be grateful for.

Hot Weather

We are forecast some hotter weather next week. Please make sure that your child brings their water bottle and a sun hat into school each day. We recommend that you apply high factor sun protection to any exposed areas; children may bring their own named bottle of sun cream if they are able to apply it themselves. Should the temperature reach the expected highs, we will ensure that exposure times are limited and that children are encouraged to remain in the shade when outside.
